Payment from outside Australia

Payment is not required until AFTER transponders have been received and examined/repared. You will be advised via email when your shipment arrives and again shortly after with a report and invoice. A PayPal payment request will be sent via email and be payable to jeff@transponderservices.com

Sending from outside Australia

When lodging to send, the transport company/post office will supply a simple customs declaration form. On it please state "timing electronics for repair", and value must be stated at less than \$1,000AUD (about \$600USD, €550euro, £470GBP). This will avoid delays and extra charges through Australian Customs.
